| Electrical and Computer Engineering | | http://www.howard.edu/electricalengineering/default.htm | All applicants should have taken the following fundamental undergraduate courses of Electrical and Computer Engineering depending upon their emphasis in study. zero upon admission.<br>(1) Electrical Engineering Emphasis: (1) Circuit Theory; (2) Electronics; (3) Signals and Systems; and (4) Electromagnetic.<br>(2) Computer Engineering Emphasis: (1) Circuit Theory; (2) Electronics; (3) Signals and Systems; and (4) Digital Systems. | Yes | No |
| English | | http://www.howard.edu/english/graduate.htm | Example of Past student's writing (preferably a graded critical paper) | Yes | No |
| Genetics and Human Genetics | | http://www.cas.howard.edu/biology/graduateprograms/geneticsandhumangenetics.html | http://www.cas.howard.edu/graduateprograms/GeneticsandHumanGenetics.html | | |
| History | | http://www.cas.howard.edu/history/graduate.html | To be admitted directly into the doctoral program, an applicant must have a 3.5 g.p.a. at the undergraduate level.<br><br>Writing sample<br><br>**Statement of research interest** | No | No |
| History | | http://www.cas.howard.edu/history/graduate.html | A statement of academic and research interest reflecting the applicant's reasons for pursing an advanced degree in History and designate a specific area of concentration.<br><br>Writing sample (i.e., revised seminar paper, senior thesis or master thesis)<br><br>Sealed transcripts from undergraduate and/or graduate institutions. (NB: Minimum 3.0 GPA overall from undergraduate or graduate programs) | | Yes; Three letters of recommendation from faculty members who have taught the student, preferably in History or related Social Sciences |
| Mathematics | | http://www.cas.howard.edu/mathematics/graduate_program.html | Resumé<br>BS in Mathematics | No<br>Yes | No<br>No |
| Mechanical Engineering | | http://www.howard.edu/mechanicalengineering/Graduate.htm | None | Yes | No |
| Microbiology | | http://www.cas.howard.edu/biology/programs/microbiology.html | 1 year of biology; 1 year of general chemistry; 1 year of organic chemistry; 1 year of general physics; 1 year of math and 1 year of French | No | No |
| Nutritional Sciences | | http://www.cahnrs.howard.edu/SAFS/Documents/NS_Graduate_Student_Manual.pdf | Successful completion of the following undergraduate courses: Two semesters of General Chemistry (lecture and laboratory), two semesters of Organic Chemistry (lecture), one semester of Organic Chemistry Lab, one semester of Biochemistry (lecture and laboratory), and two semesters of Anatomy, Cells of these courses must have Satisfactory | yes | No |
| Pharmaceutical Sciences | | http://pharmacology.howard.edu/Education/Graduate_and_Postdoctoral_Training/Graduate-Graduate-admissions | No specific program requirements; preference will be given to a candidate with research experience. a pharmacy degree. GPA must better than 70% mark and GRE TOEFL score higher than or equal to 550 | No | No |
| Pharmacology | | http://medicine.howard.edu/education/departments/pharmacology/overview.htm | Bachelor of Science (or Arts) degree, preferably in Chemistry, Biology, Pharmacy or Psychology. Basic requirements should include undergraduate credits in: Biology: Zoology, Physiology, Anatomy (1 year); General Inorganic chemistry | No | No |
| Physics and Astronomy | | http://www.as.howard.edu/physicsprograms/graduateprograms.html | None | | |
| Physiology & Biophysics | | The Department of Physiology and Biophysics offers a graduate program leading to the Doctor of Philosophy degree. The program consists of a curriculum of required and elective courses, seminars, and research on the functions, regulation, and interrelationships of physiological systems. Courses are designed to develop abroad and profound knowledge of all major areas of physiology, stimulate independent research, and to enable the student to interpret and evaluate issues and problems at the frontiers of knowledge. The major areas of research are cardiovascular physiology, pulmonary physiology, renal physiology, neurophysiology, endocrinology and cell metabolism, and membrane biophysics. The program requires a minimum of three years for completion of the degree.<br><br>The Department has recently submitted a proposal for an Interdisciplinary Graduate Program in Neuroscience. The proposal is currently under review.<br><br>Research activity in the Department is centered around the Core Facilities of the Specialized Neuroscience Research Program which provides state-of-the art molecular biology, microscopy, and electrophysiology facilities. A large portion of the research focuses on neuroscience research, in particular Alzheimer's Disease, depression and equilibrium and eye movement disorders/vertigo, as well as neural control of respiration. Another major theme of the Department's research is cardiovascular physiology and pathophysiology, hypertension and renal physiology/pathophysiology. Other areas of interest involve exercise physiology, obesity, cancer research and neuroendocrinology. A number of these avenues also include disparity aspects. | BSc, BA or equivalent degree<br>Mathematics (1 semester); Biology (2 semesters); Organic Chemistry (2 semesters); Physics (2 semesters) | No | No |
| Political Science | | http://www.cas.howard.edu/politicalscience/graduateprogram.html | Applicants may seek admission to one of the Department's two graduate programs: Doctor of Philosophy and Master of Arts. The Department's Committee on Admissions and Financial Aid reviews applications and makes admissions decisions. When the Committee is not in session, the Department Chair and the Graduate Program Director act on its behalf.<br><br>Admissions and Financial Aid Calendar<br>• January 15 Admission applications deadline for fall semester<br>• March 1 Assistantship applications deadline for next academic year<br>• June 1 Announcement of financial aid awards<br>See http://www.cas.howard.edu/politicalscience/graduateprogram.html for revised deadlines.<br><br>Masters Program - Applicants should have a cumulative and major discipline grade point average of B or higher. Particular weight is given to the student's record in Political Science and related fields. Applicants who did not major in Political Science during their undergraduate career may be required to successfully complete undergraduate Political Science courses as a condition for admission. Credits from these classes would not count toward graduate course requirements.<br>Doctoral Program - Admission to the Doctor of Philosophy Program Students with a Master's degree, or its equivalent from an accredited institution, may be admitted to the Doctor of Philosophy Program. Prospective applicants must | No | Yes |
| Psychology | | | | | |
| | Clinical Psychology | http://www.cas.howard.edu/psychology/clinical/index.html | Clinical Supplementary Application Summary Form (PDF) (click here to retrieve; do not send this to the Graduate School address)<br><br>Writing / Project Samples (optional, but preferred)<br><br>CV (send with #1 and #2 above)<br><br>Official undergraduate and graduate transcript(s) - 2 copies, must be certified and received from the school's registrar's office. | | No, preferably from professors who are acquainted with your academic achievements |
| | Developmental Psychology | http://www.cas.howard.edu/psychology/developmental/index.html | None | | |
| | Experimental Psychology | http://www.cas.howard.edu/psychology/experimental/index.html | None | | |
